Re: Acosta v. Liberty Gas Station et al. (5:17-cv-00561-BKS-ATB)

Dear Judge Sannes:

I **respectfully request** a court conference on the sanctions motion. Also, as it appears, everyone wants to take **our clear legal victory**, which **obliterated** the Plaintiff's **feeble** arguments, and you decided to allow them to correct **after the Reply**, and granted **the same day**, without my opportunity to respond. Talk about **unfair**.

The Court decided that filing a sanctions motion against one of our **OWN** was a good idea after he suffered a **medical hardship** (really serious). I **demand** to argue the motion (I can play those games too), because I know **I won't get a fair shot** on the papers. President Trump, our beloved President, is going to be **really mad** when he finds out what happened here. It is a disgrace.

I have already **invoked my Constitutional Protections** to say the truth. The **1st and 6th Amendments** trumps (no pun intended) **you**, so I am not scared to talk **frankly**. I am done wasting time, I am busy and have things to do. I am an **Officer of the Court**, I **demand respect**, or I will **legally and ethically** take every action to gain it myself. Even if it means using the Constitution to **wipe clear all your silly local rules**. Totally violation of 1st Amendment and 6th Amendment if you try to **retaliate** against my **Truth**.

What do I have to do to get my jury trial, I am ready for any attorney? Are there any takers in the whole solicitors' office, or do **you only pick on attorneys when they get sick**? Can't wait till **the hearing** when I use the power of the **U.S. Constitution** like **Thanos** to bring down the heavens on the **injustice of what is happening to an innocent man**. *E pluribus unum!*
